Rockford, IL 61111

Dear Tonya and other Annie's Locker committee member:

Thank you so much for your donation of women's running clothes to Illinois Growth Enterprises. These clothes will be a great incentive to women workers in our job training and employment programs.

IGE is in the process of putting in a ¼ mile European style running track next to our production facility. If the ground ever has a chance to dry out it will be completed this summer. One of our long-time board members has championed the cause for this track. She recognized that being physically fit is important for keeping mental fit and being productive. While many of the adults with disabilities we serve also participate in Special Olympics, our track will give all of our workers an opportunity to get some exercise.

Thank you for making a difference in so many lives by investing in the good works of Illinois Growth Enterprises **to assist individuals with disabilities in achieving their employment goals.**

Sincerely,

Valerie Johnson
Director of Development

MISSION STATEMENT

To provide quality services that will assist individuals with disabilities
in achieving their employment goals.
